Wow! That was some weather we had the last few months, but, very much needed, and we are sure everyone is looking forward to Spring! With Spring upon us we would like to remind everyone to start thinking about scheduling your appointments for A/C and Cooler inspections. Let our Service Department make sure your equipment is in proper running condition for the summer. Your heating & cooling system is the mechanical heart of your home, don't wait until it stops! Ask our team about our Preferred Customer Safety & Efficiency Program with three (3) different Levels of great savings, and a peace of mind knowing you will be comfortable in the heat of the Summer and the chills of the Winter.

For those of you looking to replace and/or upgrade your existing unit with high efficient, energy savings equipment give Devin Little a call for a Free Estimate. Financing available, and don't forget about Tax incentives and Rebates. Here is something exciting, since allergy season is also upon us ask Devin about the "Trane Clean Effects" removes up to 99.98% of airborne particles and 99% of common flu virus. Devin can design a system especially made for your home & personal needs.
